AUGUST 15, 1903.

A FATAL ACCIDENT.

Charles Holler, Sr., Killing by a Falling Telephone Pole.

Mr. Charles Holler, Sr., is dead. He died last Saturday evening at 7:30 o'clock at his home on Sonoita avenue, from the effects of an awful blow on the head by a falling telephone, while he was passing alone Sonoita avenue on his way down town from his home during the heavy thunder storm.

The accident was so sudden and unexpected that it is doubtful if Mr. Holler knew what struck him. The accident occurred about 3 o'clock in the afternoon. Medical aid was at once called but nothing could be done to save the grand old gentleman's life and about four hours later he breathed his last and death claimed one of Nogales' most highly respected citizens, a noble woman was made a widow and three children were made orphans.

News of the sudden, sad and untimely passing of Mr. Holler was a shock to the entire community. He was one of Nogales' first pioneers having come here from California many years ago. He was born in Solingen, Prussia, September 8th 1841. He came of a good family and was a gentleman both by birth and education. He loved home, music, flowers and books and was a great student, being master of five languages. Of a kind, gentle and loving disposition he was a model husband and father and all who knew him loved him.

A widow, two grown sons—Charles, Jr., and Edward and one daughter, Mrs. Alfredo Sandoval, are left to mourn the loss of a kind and loving husband and father, and THE VIDETTE extends to them heartfelt sympathy.

The funeral took place Monday forenoon from the family residence on Sonoita avenue, Rev. William Reud of the Trinity Congregational church officiating, interment being in the Nogales cemetery.

The following gentlemen acted as pall bearers: Theo. Gebler, Alex. Carpena, Ramon Vasquez, W. Behrendt, A. Suarez, T. Ruiz, M. Escalada and A. Parodi.

A Bunch of Winners.

Thursday evening Z. F. Rawson, general manager of the United States Graphite company whose mines are about thirty miles from Minas Prietas and Mr. R. B. Cunningham, financial agent at Torres for a number of mining companies arrived in the city from the south. The gentlemen came up to Nogales to transact business connected with the Santa Ana Mining, Milling and Smelting company of which they and Mr. E. I. Kingen are the incorporators and principal stockholders. The company has been organized to develop and operate valuable gold, silver copper properties in the state of Sonora situated near the La Bufa mines. Mr. Kingen is general manager and Mr. Rawson is superintendent of the new company, the mines of which will, at no distant date, be numbered among Sonora's big producers. The gentlemen are all pleasant and affable, besides possessing a thorough knowledge of mining, a knowledge gained by many years practical experience.

They have an enviable reputation as successful mining men, and as nothing succeeds like success, the boys can safely be booked "a bunch of winners."

Yesterday a stockholders' meeting was held at which E. I. Kingen was elected president and general manager, Z. F. Rawson, vice-president and superintendent and R. B. Cunningham, secretary and treasurer.

United States customs blanks for sale at THE VIDETTE office.

Tucson is injured by False Reports Sent Out.

"That correspondent for the coast yellow journals gave himself away in his reference to the recent Congress street hold up in a local paper through the medium of an item that conveyed information, totally unknown to the police or sheriff's officers, says the Citizen. He said that sixteen suspects had been arrested when in fact only three persons were invited around to the sheriff's office and there put to a test, which availed nothing."

The person who made the above reference is a member of the police force and was then on a still hunt for the writer of yellow stuff that burns the wires in its journey to headquarters where a few extra touches are applied by one of the editorial staff, a picture or two is added and the story is complete, but unrecognizable at this end of the line where matter is primarily handled and then started on its way.

As a result Tucson gets a knock out that thousands of boom pamphlets cannot remedy. Only this morning Mr. Neal, a visiting insurance man said his company had up to recent date decided not to write insurance in Arizona because they regarded the risks to be too great.

"Eastern people," said this insurance man, "have formed peculiar notions of Arizona acquired from the news sent out of the Territory and framed to suit the yellow journals."

"The fact is I have never carried a gun in all my travels over the Territory, in mining camps and towns alike. I have found the people agreeable, hospitable and well informed, no matter in what quarter I happen to be. This yellow journalism, so far as it relates to Arizona, is doing the Territory great injury. The fellow who dishes it up can hardly be blamed however, as it is cash in his pocket for what his papers want—yellow stuff," concluded the big, good natured traveler for insurance on the life plan."

Resolution of Thanks.

The First Cavalry Troop, appreciating the efforts of the ladies who so efficiently assisted in making the ball and supper on Wednesday evening, last, a perfect success, both socially and financially and acknowledging that it is absolutely necessary on all such occasions to enlist the services and good will of the fair sex in order to be successful.

THEREFORE, be it resolved, that this Troop does hereby extend to the ladies who so ably seconded our efforts, sincere thanks.

Nogales, August 10th 1903.

San Pedro Is Rampant.

The rainstorm yesterday in the San Pedro valley was the heaviest precipitation in the valley for years, and as a consequence the San Pedro river went on a rampage and overtopped its banks, says the Benson Press dated Aug. 10. The damage done by the overflowing of the river is nominal thus far reported. At St. David the foot bridge was slightly damaged by the water flowing over it and drift wood catching against it. On the flat below town a half dozen Mexican residences were flooded. The river has receded considerably this morning but is not yet fordable.

The rain commenced Tuesday and there has been more or less precipitation almost daily since. A big storm up the valley Friday caused trouble on both the E. P. & S. W. and burro roads, the Bisbee train being delayed for a day owing to a washout between Naco Junction and Don Louis. The E. P. & S. W. trains are now arriving about on time.

From present indications we will get another storm this afternoon.

When getting up in the morning, for a bracer drink Marigold, and don't forget a night cap at The Arcade bar.

Folder Tells All About It.

Our folder, "Across the Continent in a Tourist Sleeping Car," contains just the information travelers need.

It describes and illustrates Rock Island tourist sleepers; shows when they leave the principal points in Arizona and when they arrive at Omaha, St. Paul, Kansas City, Chicago, St. Louis and Memphis; tells how much baggage is allowed; names the points of interest en route and shows how much money is saved by "going tourist."
